

This supply chain list reflects the strawberry producers approved for delivery to Lidl at the time of publication. Due to multiple, varying circumstances in our supply chains e.g. weather conditions, it is possible that we do not purchase goods from all of the listed producers all year round. In rare and exceptional cases it may be necessary for us to purchase goods from additional producers who were not planned at the time of this publication. These producers will also meet our commercial and sustainability requirements

Lidl's tier one suppliers have consented to their supply chain information being include in this document
